PRESSKIT 2023

We are the children of Las Dalias

Being born on an island,
growing up surrounded by the sea,
raising a family in this small archipelago...

What does it mean to grow up in Ibiza and Formentera?

The Las Dalias Market, open since 1985,
has seen up to four generations of families
who have made this corner of Sant Carles
their place in the world.

69 years making history

Las Dalias opened its doors as a road bar in 1954. Today, it embodies the creativity of **the other Ibiza**, the 'shopping' foreign to the big brands. The ode to traditional gastronomy and a strong commitment to **music** in all its meanings, forms and registers.

In 2019 we celebrated our 65th anniversary, which is why various actions were carried out, such as the renovation of the mythical road bar, becoming **Las Dalias Café**, or the artistic project led by the international urban artists "Boa Mistura" responsible for dressing the facades of Las Dalias with Life and Love.

In 2020 our flea market celebrated its 35th anniversary, and in 2021 a major upgrade and refurbishment of the party room became **AKASHA - Las Dalias Club**.

Our legendary market

THE ORIGINAL MARKET

Las Dalias Hippie Market was born in 1985 with five stalls. In 2023 we celebrated our 38th anniversary, more hippies than never before. Today, its charming dresses, handmade accessories and unique objects from the five continents are exhibited in more than 250 stalls.

Open all year long, it is visited by thousands of tourists from all over the world, who identify with the natural and relaxed Ibiza.

NIGHT MARKET

The **Night Market** is a more relaxed version of the classic Saturday market. It is made up of more than a hundred stalls, many of them exclusive to these nights, whose selection is carried out with strict criteria of quality and originality.

It is held on Mondays, Tuesdays and Sundays from June to September.

EASTER & CHRISTMAS MARKET

The **Easter Market** anticipates the trends and novelties that will arrive in summer. Coinciding with the vacations, the market is held during the 4 holidays.

Also at **Christmas**, Ibiza residents and visitors can enjoy the Christmas atmosphere of the Las Dalias market. Open Saturdays and Sundays from 2 to 31 December 2023.

ON THE ROAD

Las Dalias **"On The Road"** is the travelling version of the hippie market, which has taken the caravan of stalls, color and image of Ibiza to Amsterdam and Madrid, among other European capitals.

RESTAURANT & FOOD

Gastronomic spaces

Few places in Ibiza can boast a gastronomic offer as varied and with as many spaces as that proposed by Las Dalias. An offer that this season has experienced a real renewal of the menu based on a style of sustainable and healthy cuisine, where local and fresh produce is the main ingredient, especially in the **Restaurant** and **Café**.

The concept on which this renovation is based is that of a direct cuisine, with fish, vegetables and seasonal fruits. Dishes that flee from complications and give prominence to a very well selected raw material, which connects directly with the taste of the traditional, the Ibizan countryside, the land and the Mediterranean.

We invite you to lose yourself in the magic of Las Dalias during the market days to discover the different gastronomic spots hidden among the stalls and the garden. Enjoy a wide variety of **natural juices** or let yourself be surprised by the flavours of our **homemade pizzas**.

You can also tempt yourself with the flavours of the Orient in our **“Tajin & Tea”** tent or indulge yourself with a Mexican treat at the **“Tacos & Tequila”** bar. If you are more of a street food lover, we look forward to welcoming you to our **Street Food Truck**. And there's more...

LIVE & NIGHTS

La música en directo, clave en las noches de Las Dalias

Las Dalias has carried out numerous cultural initiatives, especially concerts with great international artists. In the 80's names like UB40, Stan Webb or Nina Hagen passed through our house. More recent artists such as Manu Chao, Macaco, Chambao, Orishas or SFDK have also left their musical mark on our stages.

Namaste continues to be the party that has defined the spirit of Las Dalias for more than 25 years. Every Wednesday in summer we open the door to all our senses through music, meeting friends, dance, laughter and shared embrace in a true ceremony of colour, love and peace.

In addition, there is no shortage of live music nights in the garden and Sunday events where the most avant-garde electronic sessions merge with sounds of Africa or organic house.

AKASHA

Las Dalias Club

Akasha | Las Dalias Club was born to welcome great artists of the local, national and international scene that with their music invite us to inspire and have fun.

In our dance floor we not only take care of every detail in the service and the technical aspect, but also the intention to create a community spirit among the public that visits us. Our programming is designed to offer a leisure option throughout the year.

Akasha is the nightclub of Las Dalias and as such it also represents the spirit that is breathed in all the other sectors, with a more modern touch in terms of its architectural design and sound technology.

In addition, it has a prominent space for conscious events that include families and a wellness sector that makes the Club at the service of activities linked to wellness such as Ecstatic Dance, Breathwork events, DJ workshops for children and various conferences on issues of ecology, art and culture.

Las Dalias Ibiza & Formentera Magazine

LAS DALIAS IBIZA & FORMENTERA MAGAZINE dives into the most literary terrain of childhood, through signatures of prominent authors, and also dives into the history of families who have found their home in the market, generation after generation.

We bring to our pages the environmental, cultural and patrimonial aspects that we like to highlight: the history of the beach huts, the river fauna of Santa Eulària, a tribute to our beloved Erwin Bechtold and a new edition of the *Ibiza International Piano Festival and Competition...* We also emphasize local products and the recovery of traditional, ecological and sustainable agriculture in Ibiza.
